

The Centron Advantage

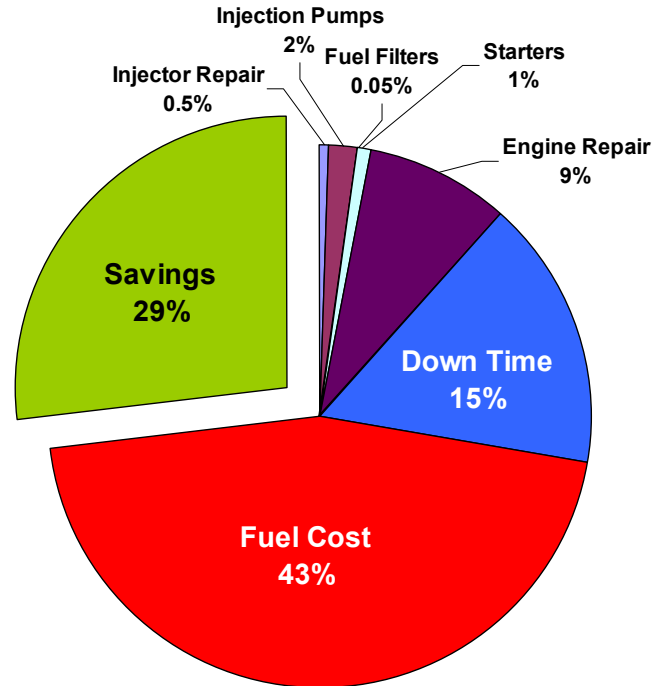

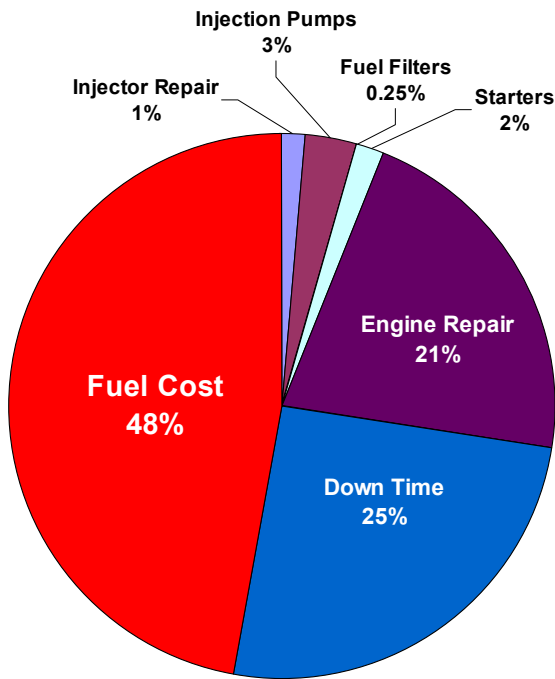

CENTRON DIESEL FUEL TREATMENT

Tomorrow's
Technology
Today

Untreated Diesel Fuel

Centron Treated Diesel Fuel

Repair statistics show that 90% of diesel engine problems stem from contaminated fuel. Centron Diesel Fuel Treatment is an Excellent Choice for Preventative Maintenance & Precaution against Fuel Related Problems

Centron treated fuel will increase hours or miles per gallon, reduce emissions and lower repair & parts replacement costs

An average increase in fuel economy of just 2%-3% pays for the cost of Centron!
